ASCS TODAY
By Tom Conrad

Report Crop Acreages - I remind farmers in the county that the ASCS is asking all producers to certify to crop acreages again this year.

Participating in the Set-A side Program you need to certify in order to remain in the program and be eligible for program benefits.

Tobacco producers need to certify acreage in order to be eligible for price support.

Farmers that are not in the Set-Aside Program or are not growing tobacco, but are growing grain are asked to certify so that ASCS records can be kept up to date.

Final reporting dates are: June 30-Corn, set-aside, fire, flue and sun tobacco. July 15 - Grain sorghum and soybeans.

Diesel Fuel Authorized for Farm Use - Farmers are entitled to obtain sufficient diesel fuel to meet their require ments. They are also entitled to 100 percent of their fam needs of propane, butane and gasoline.

The Department of Energy (DOE) established recently a priority system for distributing diesel fuel, giving the highest priority to that used in agricultural production.

Knowing the size of harvests, create a tight supply situation, and result in serious market disruptions. Wholesale suppliers of diesel fuel will be required to provide local distributors and retailers with supplies sufficient to meet farmers' needs.

To help implement the agricultural priority, ASCS will assist farmers in making application for their fuel requirements. Upon request, we will help determine what constitutes agricultural production. We will also report planted acreages, cropping patterns and other information to fuel dealers, state energy offices and the Department of Energy, in support of a farmer's application.

If the problems cannot be solved locally, ASCS will get further help from the DOE regional office.

Virginia Wheat Production Forecast at 6.6 Million Bushels - Virginia farmers have reported their 1979 winter wheat production to be about 6.6 million bushels. This is up from 5.4 million bushels for 1978.

The State yield is expected to be up at 38 bushels per acre this year, and the harvested acreage is likely to be up at 175 thousand acres.

Nationally, 1.4 billion bushels, 11 percent more than the 1978 winter wheat crop at 1.2 billion, has been forecast by the USDA's May 10 crop reporting survey. The expected yield is 32.4 bushels per acre, compared with 32.1 for 1978. Acres harvested will be about 42.9 million acres, up from the 38.9 million for 1978.

By May 1, all major wheat producing areas had adequate soil moisture and the crop rating was fair to good. Maturity of the wheat advanced to heading stage in parts of the Central Great Plains. Harvesting was just getting underway in the Southwest.

There is nothing quite as satisfying as a good "standing" crop.

But a destructive hailstorm can ruin that crop in seconds. High winds can severely damage a dwelling, barn, or other building. Lightning loss is a big concern at this time of year.

"The Root of the Matter"
Job 19:28

What is total depravity? Does this doctrine indicate that man is as bad as he can be? NO! This doctrine only indicates that man by the fall (in Adam) is corrupted in all the faculties of his soul; those being his intellect, his affections, and his will. Fallen man, unlike God who exercises all these faculties in himself to perfection, cannot reason after a godly manner because "his mind is at enmity against God". (Rom. 8:7) Neither can he love God or righteousness as he is commanded because his affections are corrupted by sin. (John 5:42) Likewise his will has been partaker of this sinful corruption by the fall and cannot choose God or any spiritual good, apart from being itself renewed by divine grace (John 1&13 and 5:40) The scriptures teach us that men by nature are spiritually "dead in trespasses and sins" (Eph. 2:1) and thus in need of the life giving energy of the "new birth" to put life and vitality into these fallen, depraved faculties of the soul, that we might know God and his will as revealed in his word, and that we might love God as we have been commanded, and choose Him as our portion and his Son as our Lord and Savior, but this can only be possible as we receive life in our souls through the regenerating power of the new birth. (John 3:5,6).
